

## Join us for summer learning at the Pine River Nature Center

Explore the forest, trails and river during the warm summer months. Topics may include trees, plants, insects, birds, reptiles, amphibians, stream creatures and mammals. Activities include hands-on investigations and crafts centered on nature discovery. Classes are limited to 25 students.

# 2019 Summer Nature Club

Classes meet the same day for 5 weeks. Preschool and kindergarten students must be accompanied by an adult. Parents of students in grades 1-6 are not required to stay for the program, but are welcome to accompany their child at no charge. A letter will be mailed to each student the first week of July with their nature club session, the topics that will be covered, and items that should be brought with them.
